

SIMFLO[®]

PRODUCT ANNOUNCEMENT

DISCONTINUED: SP10L IMPELLERS

SIMFLO has made the decision to discontinue production of the **SP10L** impellers. This decision was made after extensive research and evaluation of the overall product. SIMFLO's process of discontinuing products includes and is not limited to the following factors:

- Overall product demand
- Current condition of pattern equipment and tooling
- Availability and performance of other products within the SIMFLO product line
- Ability to improve future product performance

Effective January 1, 2023, this impeller model has been removed from our product offerings and is no longer available. We have also removed this impeller model from our electronic selection software.

This does not affect the availability of other impeller models within the SP10 family, including the SP10M and SP10H.

If there are any questions, please contact your local or regional SIMFLO representative.
