

PRODUCT NEWS

DISCONTINUED: SSC DISCHARGE HEAD

SIMFLO has made the decision to discontinue production of the SSC Discharge Head. This decision was made after extensive research and evaluation of the overall product. SIMFLO's process of discontinuing products includes and is not limited to the following factors:

- Overall product demand
- Current condition of pattern equipment and tooling
- Availability and performance of other products within the SIMFLO product line
- Ability to improve future product performance

Effective July 1, 2026, this discharge head is no longer being produced. We will continue selling this product until all inventory is depleted.

If there are any questions, please contact your local or regional SIMFLO representative.
